1. Google Account Creation Process- Register

To access GCP resources/services you need to have your Capgemini email address registered with Google. Once your account has been registered, you can be granted access to the Partner Advantage Portal.

Follow the steps below to register your Capgemini email with Google.

Click on the link below:

<https://accounts.google.com/signup/v2/webcreateaccount?hl=en-AU&flowName=GlifWebSignIn&flowEntry=SignUp>

Here is a what the screen should look like:

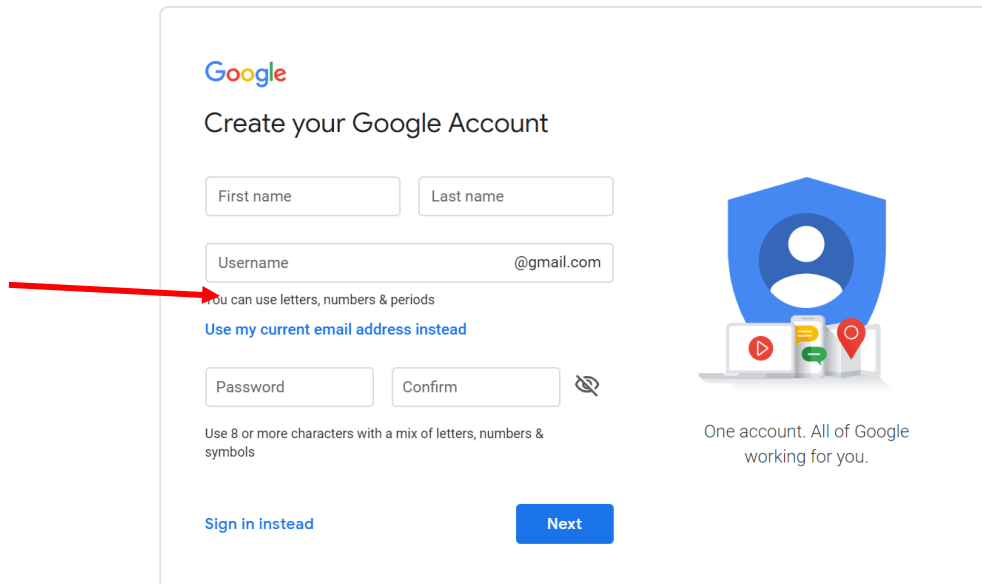

Figure 1

Figure 2 - Google account creation

****You will select “Use my current email address instead” and input your Capgemini email.**

Google will send you a code to your Capgemini email and you will enter it on this screen:

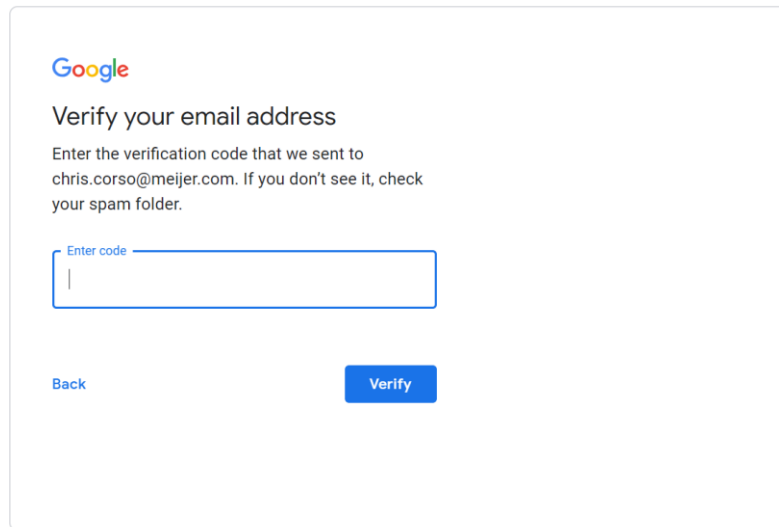

A screenshot of the Google account verification page. At the top left is the Google logo. Below it, the heading "Verify your email address" is displayed. Underneath the heading, a message states: "Enter the verification code that we sent to chris.corso@meijer.com. If you don't see it, check your spam folder." Below this message is a text input field with the placeholder text "Enter code" and a blue border. At the bottom left of the form is a blue link labeled "Back". At the bottom right is a blue button labeled "Verify".

Figure 3 - Verify code from Google

You will need to enter a phone number:

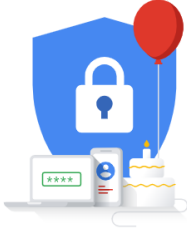

Verifying your phone number

For your security, Google wants to make sure that it's really you. Google will send a text message with a 6-digit verification code. *Standard rates apply*

Phone number
6314135841

Your personal info is private and safe

Figure 5 verification code send by google

This step will be to provide your birthday and gender. These can be made up values if you are uncomfortable providing accurate information.

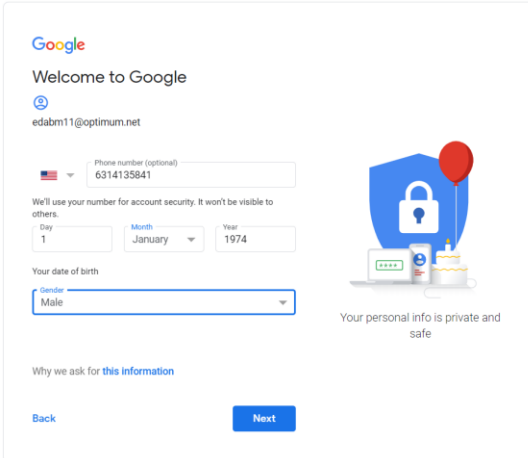

A screenshot of the Google account creation interface. At the top, the Google logo is followed by "Welcome to Google" and the email address "edabm11@optimum.net". Below this is a field for a phone number (optional) with the value "6314135841". A message states: "We'll use your number for account security. It won't be visible to others." The date of birth is entered as Day "1", Month "January", and Year "1974". A dropdown menu for "Gender" is set to "Male". To the right is an illustration of a laptop, a smartphone, a birthday cake, and a red balloon. Below the illustration, it says "Your personal info is private and safe". At the bottom, there is a link "Why we ask for this information", a "Back" button, and a "Next" button.

Figure 6 user's personal information

This step you can select skip- it is google looking to link your cell number across all google services:

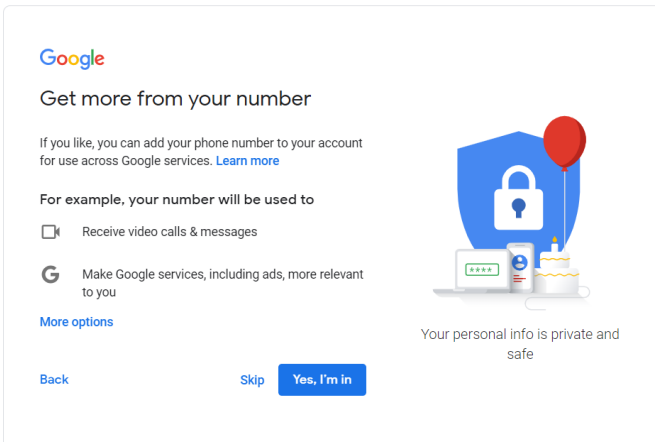

A screenshot of the Google account creation interface showing the option to link a phone number. The heading is "Get more from your number". The text says: "If you like, you can add your phone number to your account for use across Google services. [Learn more](#)". Below this, it says "For example, your number will be used to" followed by two options: "Receive video calls & messages" (with an unchecked checkbox) and "Make Google services, including ads, more relevant to you" (with a checked checkbox). There is a link "More options". To the right is the same illustration as in Figure 6. Below the illustration, it says "Your personal info is private and safe". At the bottom, there is a "Back" button, a "Skip" button, and a "Yes, I'm in" button.

Figure 7 user has ability to add more features by Google for their cell number

You will need to accept all the terms and conditions to finalize your account.

Review the terms and conditions and click "I agree":
